CONTENTS

Part I
Subject Index

Part I lists all editorial items except for certain Briefs (Books, People, Obituaries, Publications, Pulse).

Subject headings appear in alphabetical order. Items under the subject headings are listed chronologically, or, in some cases, alphabetically by name (e.g., dams, rivers) or location (city, state or country).

Major headings are also sometimes subdivided for the purpose of pinpointing areas of specialization or recent developments in a given field (e.g., POWER: Solar, Alternative).

International coverage is indexed under "I," alphabetically by country, and cross-indexed under the appropriate subject headings.

Part II
Names

Part II lists alphabetically individuals and companies who are the subject of articles; authors of bylined articles and letters; all individuals whose photographs have been published. Generally, names mentioned in various articles are not indexed.

Part III
Product Manufacturers

Part III lists alphabetically the manufacturers of all new materials and equipment described in the editorial pages, including Briefs.

TERMS USED

See means that all entries on the subject will be found under another heading: EXCAVATING, **see:** SOIL.

See also means that a related heading should be checked: SEWAGE, **see also:** WATER POLLUTION.

CONTENTS

Part I
Subject Index

Part I lists all editorial items except for certain Briefs (Books, People, Obituaries, Publications, Pulse).

Subject headings appear in alphabetical order. Items under the subject headings are listed chronologically, or, in some cases, alphabetically by name (e.g., dams, rivers) or location (city, state or country).

Major headings are also sometimes subdivided for the purpose of pinpointing areas of specialization or recent developments in a given field (e.g., POWER: Solar, Alternative).

International coverage is indexed under "I," alphabetically by country, and cross-indexed under the appropriate subject headings.

Part II
Names

Part II lists alphabetically individuals and companies who are the subject of articles; authors of bylined articles and letters; all individuals whose photographs have been published. Generally, names mentioned in various articles are not indexed.

Part III
Product Manufacturers

Part III lists alphabetically the manufacturers of all new materials and equipment described in the editorial pages, including Briefs.

TERMS USED

See means that all entries on the subject will be found under another heading: EXCAVATING, **see:** SOIL.

See also means that a related heading should be checked: SEWAGE, **see also:** WATER POLLUTION.

Codes used:
L Letters
CW Construction Week
WO Washington Observer
B Brief and News in Brief
E Editorial

**Article with two or more illustrations
*Article with a single illustration; (if asterisk precedes entry, reference is to illustration with caption only).
Drawings, charts, maps are identified as such.

ENGINEERING NEWS-RECORD is published every Thursday except the last week in December. There are two volumes per year, January to June and July to December, starting with volume 78 in 1917, when ENGINEERING NEWS and ENGINEERING RECORD merged.
